

Diagnosis, transmission and immunology of  
human *Oesophagostomum bifurcum* and  
hookworm infections in Togo

Diagnosis, transmission and immunology of human  
*Oesophagostomum bifurcum* and hookworm infections in Togo

PROEFSCHRIFT

ter verkrijging van de graad van Doctor  
aan de Universiteit te Leiden,  
op gezag van de Rector Magnificus Dr. W.A. Wagenaar,  
hoogleraar in de faculteit der Sociale Wetenschappen,  
volgens besluit van het College voor Promoties  
te verdedigen op donderdag 12 oktober 2000  
te klokke 14.15 uur

door

Djemila Saphyra Sophy Pit

geboren te Algiers (Algerije) in 1968

### **Promotie commissie**

Promotor: Prof. Dr. A.M. Deelder

Co-promotor: Dr. A.M. Polderman

Referent : Prof. Dr. J. Vercruysse  
(Universiteit van Gent, België)

Overige leden : Prof. Dr. P.C. Stuiver  
Prof. Dr. H. Goossens  
Prof. Dr. J.M. Wit  
Dr. P. Magnussen (Danish Bilharziasis Laboratory, Charlottenlund,  
Denemarken)

### **Financial support:**

This research project was funded by the Netherlands Foundation for the Advancement of Tropical Research (WOTRO).

# Contents

<b>Chapter 1</b>	General introduction Early history State of knowledge Aim of the project	1
<b>Chapter 2</b>	Geographical distribution and epidemiology of <i>Oesophagostomum bifurcum</i> and hookworm infections in humans in Togo	13
<b>Chapter 3</b>	Diagnosis of <i>Oesophagostomum bifurcum</i> and hookworm infections in humans: Day-to-day and within-specimen variation of larval counts	25
<b>Chapter 4</b>	Antigen specific IgG4 and IgE responses in individuals infected with <i>Oesophagostomum bifurcum</i> and hookworm	39
<b>Chapter 5</b>	Prevalences of <i>Oesophagostomum bifurcum</i> and <i>Necator americanus</i> infections using specific PCR amplification of DNA from fecal samples.	53
<b>Chapter 6</b>	The pattern of infection and re-infection with <i>Oesophagostomum bifurcum</i> and hookworm following treatment in northern Togo	67
<b>Chapter 7</b>	The capacity of L <sub>3</sub> larvae of <i>Oesophagostomum bifurcum</i> to survive adverse conditions	83
<b>Chapter 8</b>	Parasite-specific cellular immune responsiveness in humans infected with <i>Necator americanus</i> and <i>Oesophagostomum bifurcum</i>	95
<b>Chapter 9</b>	General conclusions and discussion	115
	<b>Summary</b>	131
	<b>Samenvatting</b>	135
	<b>Résumé</b>	139
	<b>Acknowledgements</b>	143
	<b>Curriculum Vitae</b>	145
