Title: Imitating the newcomer. How, when and why established political parties imitate the policy positions and issue attention of new political parties in the electoral and parliamentary arena: the case of the Netherlands

Issue Date: 2012-10-31

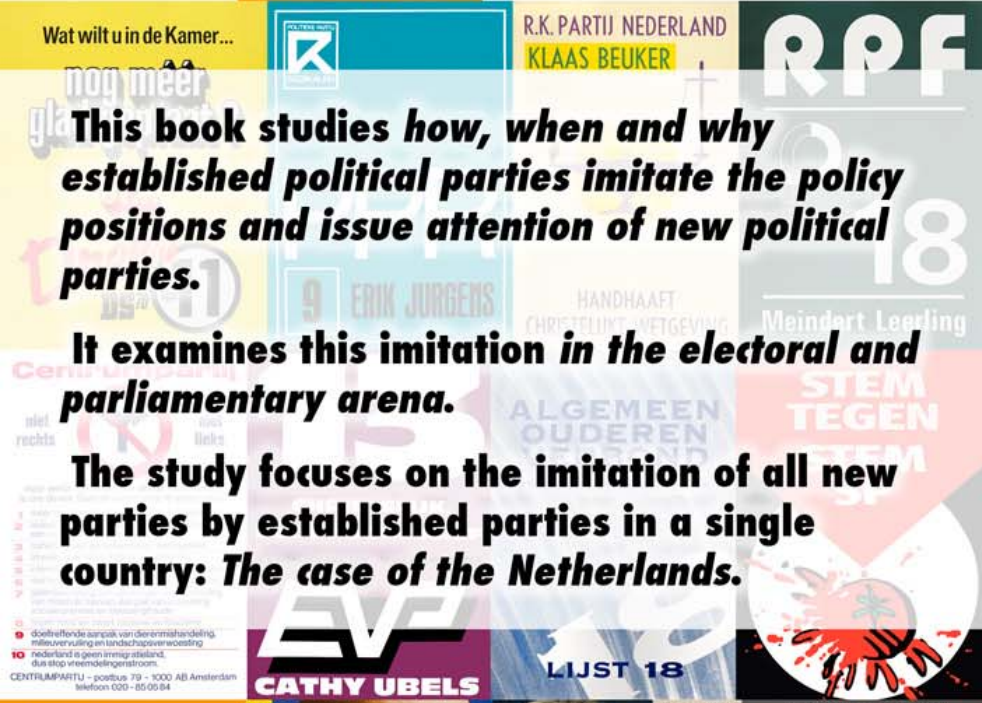

Imitating the Newcomer

This book studies how, when and why established political parties imitate the policy positions and issue attention of new political parties.

It examines this imitation in the electoral and parliamentary arena.

The study focuses on the imitation of all new parties by established parties in a single country: The case of the Netherlands.

Imitating the Newcomer
